# New Construction

## Custom Incentives

### Incentive opportunities are building.

Building efficiently just got more rewarding. As part of IPL's Custom Incentives Program, you can earn up to \$100,000 in incentives for new construction projects designed to exceed Indiana's state energy code requirements.

From building energy models to choosing the most cost-effective equipment, our program engineers will work with you every step of the way to maximize your new building's performance, energy savings and incentive-earning capability.

#### Financial incentives

- **Earn \$0.08 per kWh saved**, based on the projected first-year energy savings.
- Incentives are capped at 50 percent of the total project cost, **up to \$100,000**.

---

---

#### Eligibility

- The project must be in its design phase.
- Building must exceed the minimum building code energy standards set by the state of Indiana.

#### Energy Saving Opportunities

- Lighting
- HVAC
- Energy management system
- Building envelope
- Insulation
- Data center
- Process equipment
- Compressed air system
- Air rotation unit
